Tabriz Art Expo works as an independent and non-governmental organization pursuing the aim of supporting artists and introducing original Iranian art to art lovers around the world. Iranian art has long been considered precious by the collectors, and many artistic works have been sold at high prices in some worldwide important auctions.

Tabriz Art Expo is one of the active Iranian centers in introducing and representing artistic works in Iran and at international level. It is also a subset of Shams Tabrizi Cultural and Artistic Institute which is active in various fields, including visual arts, film, music etc.

The works are the product of the Iranian artists' creativity which have been introduced, presented and sold in various exhibitions and festivals. Parts of the activities of Tabriz Art Expo are held internationally.
